

January 5, 2023

Dear Union Grove Members, Friends, and Family:

We are grateful for your continued support for our members who live at our Home. We encourage everyone to be mindful of your potential exposure to COVID and other seasonal respiratory illnesses when you visit our campus.

Since we updated you yesterday, we have had 3 employees test positive for COVID-19. Accounting for all recent recoveries, currently we have 4 cases of COVID-19 on campus (1 member, 4 employees).

We are proactively following all CDC and Wisconsin Department of Health Services (DHS) protocols to lower the spread among members, staff, and visitors. Our commitment to the health and well-being of our members always remains our top priority.

Please be aware your sniffles, cough, or head cold symptoms could potentially be the result of COVID-19. We ask if you feel sick, please stay home until you can take a COVID test, and you fully recover from your symptoms.

We highly recommend everyone to get their seasonal flu shot, stay current with your COVID-19 boosters, and take additional steps to protect yourself and others during the winter months. Please visit the DHS webpage to find a vaccine and booster location near you (<https://www.dhs.wisconsin.gov/covid-19/vaccine-get.htm>).

Thank you for your commitment and support of our Home.

Sincerely,

*Kimberly Storlie*
